I'm keeping my vehicle in bethesda.[permalink](#) [save](#) [report](#) [block](#) [reply](#) [David_Curran123](#) 1 months ago +2 / -0 2 Should have a security picket on the vehicles. It's a good opportunity to bash some commies.[permalink](#) [save](#) [report](#) [block](#) [reply](#) [Hshsvsvsvsv](#) [S] 1 months ago +1 / -0 1 Thatd be a good idea actually[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#) [LibertyLibra](#) 1 months ago +1 / -0 1 You can park at the station in Fairfax and take the train in. It'll cost 8.00 and it's about a 12 min ride .[permalink](#) [save](#) [report](#) [block](#) [reply](#) [Hshsvsvsvsv](#) [S] 1 months ago +1 / -0 1 How much is parking[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#) [LibertyLibra](#) 1 months ago +1 / -0 1 <https://www.wmata.com/service/parking/parking-details.cfm?stationid=103>[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#) [obese](#) 1 months ago +1 / -0 1 Georgetown is very nice, over by the Zoo is safe. But there is a Ghetto mine field around DC, so much Antifa. I would take my chances with Antifa over some of those hoods. Just get there before the crowd and park in a hotel lot. maybe pay for parking at the airport? DCA or IAD. I'm pretty sure they have flat rates for the entire day
